Ron Van Winkle expressed dissatisfaction with the Comprehensive Plan for the township. Main concern is the overlay of light industrial or mixed use being put over southern Trenton Township. He realizes that we are trying to discourage Sunbury from annexing, but they don't want the light industrial/mixed use being overlaid on properties because it would encourage developers to develop the land commercially and reduce their property value. They want it to stay rural/farm residential. Almendinger will contact Hollie to see if she can meet with Zoning Board again.
