About The Road Construction Guide...

This publication includes information on road construction involving county and township roadways only. Due to limited space, projects under \$250,000 or with road closures less than two weeks are not listed. Schedules listed in this guide are best estimates at the time of publishing and subject to change. For road work located on State or U.S. routes see the [ODOT Construction Guide](#) for District 6 covering 8 Central Ohio counties.
